2. SPONSORSHIP COORDINATION

Discussion

Miles/Greg Pace reported on sponsorship progress:

- Contacted 3 main prospects, all requested to wait until January:
- 1. **Gym contacts** - Have 3 contacts willing to participate (waiting for head office approval on sponsorship package)
- 2. **Fortinos** - Approached before Christmas, owner returns in January to discuss vendor involvement (Gatorade, water, etc.)
- 3. **Fire Hall restaurant group** - Large corporation with 4-5 restaurants (Fire Hall, Gucci, etc.) - awaiting response

Approach Strategy (Miles):

- Initial contact with general manager
- Brief discussion about the event (community-focused, Father's Day, nonprofit nature)
- Identify decision-maker
- Send sponsorship package
- Follow up to negotiate specific involvement
- Prefers face-to-face meetings (harder to say no in person)
- Flexible on contribution type (money, product, services)
- Example: Fortinos resistant to cash but open to product donations (water, Gatorade, bananas)

Patricia Kowalczyk:

- Reached out to several sponsorship opportunities, waiting on responses
- Will follow up with contacts
- Created spreadsheet in WhatsApp group chat for tracking sponsor outreach (note: team members haven't filled it out yet)

Tim Hortons Outreach (NOT YET CONTACTED)

Discussion:

- Patricia asked if Charles or Greg Pace could handle Tim Hortons outreach
- Charles indicated he is too swamped with other commitments
- Greg Pace will provide contact information
- Patricia will handle the outreach using Greg Pace's contact
- Proposed: Coffee cart providing free coffee for race participants
- Note: Local coffee shops (like Peach) may not participate if Tim Hortons partnership confirmed (exclusivity concerns)
