## NOTES

### ***Research Achievements***

- ■ Successfully executed all 14 Perplexity queries
- ■ Identified 102+ qualified vendor leads
- ■ Exceeded targets for Health/Fitness/Running and Local Food & Beverage categories
- ■ Extracted complete vendor list from Oakville Farmers Market
- ■ Identified key BIA and Chamber directory URLs

### ***Research Challenges***

1. **BIA/Chamber Directories:** JavaScript-based directories require manual extraction or specialized scraping tools. Firecrawl extracted structure but not individual business listings.
1. **Food Trucks:** Perplexity did not return specific food truck listings. Need alternative sources (Street Food App, Roaming Hunger, Facebook groups).
1. **Contact Information:** Many leads have partial information. Need additional research to find websites, emails, and phone numbers.

### ***Recommendations***

1. **Manual Directory Extraction:** Visit BIA/Chamber websites directly and manually extract business listings, filtering by relevant categories.
1. **Food Truck Directories:** Use Street Food App ([streetfoodapp.com/haltonhills](https://streetfoodapp.com/haltonhills)) and Roaming Hunger ([roaminghunger.com](https://roaminghunger.com)) for food truck listings.
1. **Social Media Research:** Check Facebook groups and Instagram for local businesses, especially food trucks and artisan vendors.
1. **Market Organizer Contact:** Reach out to market organizers directly for vendor contact lists.
