# **Over 35 years of helping the community. More than \$1 million raised for local charities.**

*"We are so proud of all that the MiJ has accomplished in 35 years. The race started with just 50 runners and now averages 1,200 participants, thousands of spectators, 150 volunteers, four race options and a party for all involved. Supporting the Children's Aid Foundation of Halton, the Moon in June is one of the longest running, 100% charitable runs in Halton.*

*Become part of something GREAT! Sponsor, donate, volunteer or participate and help make a difference to kids in our community."*

Greg Pace of PACEperformance – MiJ Organizer

## **WHY GET INVOLVED?**

The Moon in June Road Race (MiJ) is one of the most anticipated races in Halton each year. Since 1990, thousands of participants have been entertained, challenged and motivated to embrace a lifestyle of both fitness and generosity. This family friendly event is one of the longest standing, truly charitable running events in Halton and together, we have donated over one million dollars to local charities. Now, that's something to be proud of!

The Children's Aid Foundation of Halton (CAFH) is a charity dedicated to helping children, youth, and families who are receiving services from the Halton Children's Aid Society (Halton CAS). CAFH works to provide support, resources, and advocacy for those who have experienced abuse, neglect, loss, unstable housing or other difficult circumstances. All proceeds raised by Moon in June go directly to CAFH to support their programs.

With the help of our amazing volunteers, organizers and supporters, the Moon in June continues to grow and evolve every year. There are two goals at the heart of everything we do:

1. To provide an exciting, innovative running event that offers something for every age and fitness level. Moon in June is always family friendly, fun and unique.
2. To ensure that we make a difference to children and youth in the community!

Your sponsorship will help support children, youth, and families in the community.

Our Moon in June Sponsorship Team believes in developing tailored partnership opportunities that are a "win" for both your company and the Children's Aid Foundation of Halton's young clients. Please review the attached sponsorship package and contact us to get involved.

The Children's Aid Foundation of Halton (CAFH) is the only charity in the Region of Halton whose sole purpose is to provide support, relief and opportunities for children, youth and families involved in the child welfare system, the only one!

As the charitable arm of the Halton Children's Aid Society (Halton CAS), CAFH works to provide resources and advocacy for those who have experienced abuse, neglect, loss, unstable housing or other difficult circumstances. Committed to making a positive impact on the lives of those who need it most, CAFH offers opportunities for healing, growth, education and the chance to create happy childhood memories.

The programs supported by CAFH are additional to the basic protection work funded by the provincial government. Programs have been developed to enhance the work of Halton CAS by having a direct impact on the lives of those in need. However, these programs are not, or are not completely funded, by the government; therefore, donations from the community are relied upon to sustain the vital, additional resources provided.

Thank you for believing in the work we do!
