THE BIG IDEA

Father's Day. Oakville's waterfront. A community that shows up for each other.

The Oakville Dads aren't just our charity — they're 60+ volunteers who will be on that course at 4 AM making race day happen for every runner, every family, every finish line moment. And the event they're helping build is one their whole family should be at. That story is our content backbone.

Tagline thread to run through all content:

"Oakville's race for Oakville families."

Posting philosophy for Oakville Dads group:

The Dads group has ~6,000 active Oakville members. Their audience is our audience. Rather than treating them as a donation channel, treat them as the primary community amplifier. Posts should cover the full event experience — not just charity, not just running. What's in it for their family on June 21? What's in it for them as volunteers? What can they be proud of? Give them 9 posts across 15 weeks — roughly every other week — each with a clear, different angle.

PHASE 1: ANNOUNCE (March 5–31)

Theme: *"We're Part of This"*

Goal: Introduce the partnership. Make Dads members feel ownership of the event. Start building excitement — not just as donors, but as participants, volunteers, and spectators at a festival.

OAKVILLE DADS FACEBOOK GROUP POST #1 (Tuesday, March 17)

Type: Partnership announcement

Who posts: Oakville Dads admin

Tone: Proud, community ownership

Gentlemen — something worth reading.

The Oakville Dads Community Fund is the official charity partner of the Bronte Harbour Classic 5K — a brand new Father's Day race launching June 21 at Bronte Harbour.

Here's what that means: we're the charity this race runs for. And 60+ of our members will be the volunteer team that makes race day happen.

But here's the other part of the story — this isn't just a race. It's a full Father's Day festival at the waterfront. Live music from 10 AM. Local food and drink vendors. Kids' zone with a jumping castle. Beer garden. Right at Bronte Harbour Park. No ticket needed to attend.

Whether you run, volunteer, donate, or just come out with the family — this event is ours.

More details coming — but mark June 21.

POST 1 — PARTNERSHIP LAUNCH (Week of March 10)

Platform: Instagram + Facebook

Owner: Patricia

We're proud to announce our charity and volunteer partner for the Bronte Harbour Classic 5K.

The Oakville Dads Community Fund supports families in our city who need it most — food, shelter, education, a hand up when things get hard. They quietly do the work that holds communities together.

On June 21, more than 60 Oakville Dads volunteers will be on that course with you — at water stations, at every corner, at the finish line. They're not watching from the sidelines. They're in it.

So when you run on Father's Day morning, you're running for something real.

Register at the link in bio. And if you want to donate directly, that link is there too — every dollar stays in Oakville.

PHASE 2: BUILD (April 1–30)

Theme: *"Here's What You're Getting Into"*

Goal: Paint the picture of race day for all types of participants. Drive registrations, volunteer sign-ups, and donor conversions. Oakville Dads becomes the loudest voice in their group.

OPEN QUESTIONS FOR OAKVILLE DADS — LET'S HEAR FROM YOU

This plan is a starting point, not a ceiling. We want to push this event hard — digitally, physically, and through every channel available to both sides. This is a partnership, and the most successful events we've seen are the ones where both teams bring their networks to the table fully.

We're asking Jeremy, Per, Andrew, and Brent directly:

1. What have you done before that worked?

The Oakville Dads Community Fund has been active and growing for years. You've had events, campaigns, and drives that got people engaged. What has worked best — whether a specific post format, a time of year, a way of asking, or a channel that your group responds to?

We want to know what moves the needle for your members, so we don't reinvent the wheel.

2. Beyond the Facebook group — what other channels does the Oakville Dads community have?

The 9 Facebook posts above are just the group. But we're asking: what else?

- **Email list** — Do you have one? Could you send a dedicated BHC feature to it in April and June?
- **WhatsApp groups** — Are there sub-groups, neighbourhood chapters, or smaller circles where this could spread?
- **Existing events** — Do you have regular meetups, BBQs, or community nights between now and June where we could have a presence, hand out posters, or make a short announcement?
- **Community board access** — Rec centres, schools, local businesses, church halls — places you already have relationships?
- **Member businesses** — Are there Oakville Dads members who own local businesses and could post a flyer in their window or share with their customer base?

3. Physical outreach — what can we do together?

We will be doing physical poster and flyer distribution across Oakville, Bronte, and Burlington. But we want to go further:

- Can Oakville Dads members help distribute race posters in their neighbourhoods, at their workplaces, or at their kids' schools?
- Are there any community events between March and June where we could have a joint presence — a table, a banner, a five-minute announcement?
- Are there running or fitness groups connected to your members that we haven't thought of?

4. What does your group NOT respond well to?

Equally important — if there are tones, ask styles, or post types that tend to flop in your group, tell us now. We'd rather know upfront than learn it in May.

5. Who else should we be talking to?

Is there a community leader, a business, a school, a local media contact, or a running club in the Oakville area that you have a direct relationship with — someone who could amplify this event in a way we couldn't reach on our own?

5b. Sponsorship suggestions — we want your eyes on this.

You know the Oakville business community better than most. If you come across a company, brand, or local business that you think would be a natural fit for this event — whether it's a health and wellness brand, a family-focused business, a financial services firm, a real estate company, a local restaurant group, or anyone else who wants to be associated with Father's Day and community — tell us.

We're actively pursuing sponsors and every warm lead or suggestion helps. You don't need to make a pitch on our behalf — just flag the name and we'll take it from there. If you have a contact there, even better.

Current open sponsorship levels: Bronze (\$850), Silver (\$2,500), Gold (\$5,000), Title (\$8,000). There are also lower-entry options like vendor booths (\$250) and swag bag inserts (\$200) that are accessible to smaller local businesses.

Any suggestion is welcome — no lead is too small or too obvious.

6. Your network is our biggest untapped asset — and we're asking you to use it.

This is a direct ask, and we want to be honest about why we're making it.

The Oakville Dads community is made up of people who are connected — to local businesses, to municipal politics, to community organizations, to corporate decision-makers. Many of your members have relationships that we simply don't have and can't build in 107 days.

Here's what we're asking:

Can Oakville Dads members personally reach out — by email, by phone, by text — to anyone in their network who might:

- **Sponsor the event** at any level (\$850 Bronze up to \$8,000 Title) — local businesses, regional companies, anyone who wants to be associated with Oakville's Father's Day race
- **Make a personal donation** to the Oakville Dads Community Fund through the race donation link — even \$100 or \$250 from a business contact makes a difference and moves the fundraising total publicly
- **Share the event** directly with their customers, employees, or community contacts — a personal forwarded email from someone you trust converts better than any ad we could run

The warm introduction model works like this:

A short personal email from a member to their contact — "Hey, I'm involved with this Father's Day race at Bronte Harbour. It benefits our fund and it's a great community event. Here's how to get involved or donate." That's it. We provide the links. They provide the relationship.

Political and municipal connections:

If any members have relationships with local councillors, the mayor's office, MPPs, or Town of Oakville staff — a personal conversation about the event could open doors to additional municipal support, cross-promotion through Town channels, or visibility at public events leading up to June 21.

We will provide:

- A short, ready-to-forward email template they can personalize and send to their contacts
- Sponsorship package PDF (one page — easy to attach)
- Direct donation link
- Registration link

All they need to bring is the relationship. We handle the rest.

Our commitment in return: We handle all the copywriting. Every post above is ready to drop in — you review, approve, and post. We will never ask you to post something that isn't ready and that you haven't approved.

On images and graphics: We want to be direct about this. For the Oakville Dads Facebook group posts, we strongly encourage your team to use your own photos and graphics wherever possible — candid shots of your members, real moments from your community, things that look and feel like they came from inside the group. This isn't us being hands-off. It's intentional strategy.

When content looks like it was made by a race organizer, it reads like marketing. When it looks like it came from a Dad in the group, it reads like a recommendation. That difference converts better, earns more trust, and feels natural to your members in a way that polished branded content cannot replicate.

What we will provide:

- All race logistics copy (ready to post as written)
- BHC logo files and race poster assets (for posts where branding is appropriate)
- QR codes linking directly to registration, donation, and volunteer pages — on request, anytime
- All links updated and confirmed before each post goes live — we will send you the correct links in advance of every scheduled post

What we'd love you to handle:

- Photos from your group, your members, your community events — anything that shows real Oakville Dads doing what they do
- Your own graphics or designs if you have someone who can create them — we're not prescriptive; whatever looks natural coming from your brand and community is better than anything we could produce for you

If you ever need us to step in on visuals, just ask. We have design capability and can turn things around quickly. But for your group's posts specifically, authentic beats polished every time.

To show you what pushing all the way looks like from our side — here's what Greg and Charles are already doing beyond social media:

• **Your Life Your Terms Podcast** — Greg and Charles will be guests on the podcast, talking about the race, the Father's Day story, and the Oakville Dads partnership by name. That episode will reach an audience well beyond Oakville.

• **Your Life Your Terms Live Event — April 25, Mississauga** — Greg and Charles will be in-person at this event, which draws over 1,000 attendees. The race, the charity, and the donation link will be front and centre.

• **BIA newsletter, media press release, Burlington running store outreach, email campaigns** — all in the calendar above.

We are going all in. We're asking you to bring the same energy — and we'd love to hear every idea you have.
