1. OCF Banking & Donation Setup

Status: Donations are live on both Race Roster and the Oakville Dads donation page, but funds are being held pending receipt of OCF banking information.

Key points:

- Laurie Armitage (Director of Finance, OCF) contacted Per about the tax receipt process
- OCF will manually generate receipts for donors; minimum donation amount for a receipt will be \$20 (standard; not \$50 as OCF suggested)
- Forced donations at registration were discussed and rejected — research and feedback from other organizers confirms this creates a poor participant experience
- Donations will be transferred to the OCF account on a weekly basis once banking info is connected
- Race Roster will provide a weekly spreadsheet of donors

Two donation paths on the landing page:

1. **Race Roster registration flow** — donor selects an amount at checkout (preset options from \$25 to \$500); expected to generate smaller donations on average
2. **Direct OCF link** (featured on the landing page) — goes directly to the OCF fund page; expected to capture larger one-time donations; tax receipts handled automatically by OCF software

2. Volunteer Coordination

Previously agreed commitment from Oakville Dads:

- **20 volunteers** — 5:30 AM to 7:30 AM (setup & course preparation)
- **60 volunteers** — 7:30 AM to 9:30 AM (race support)

Volunteer tent: Oakville Dads will have an assigned 10x10 booth at the event to promote the organization, collect leads, and engage with the community.

Key discussion points:

- Per recommends waiting until after the Oakville Dads Easter food drive (March/April) before recruiting race volunteers — avoids volunteer fatigue and confusion
- Target: begin collecting volunteer names and commitments in **April**
- Volunteers do not need to be "dads" specifically — any adult 18+ qualifies
- Volunteer commitment for the afternoon (vendor teardown ~3 PM) is lighter; BHC will clarify exact needs once the full event map is finalized
- Father's Day timing was noted as a consideration — morning commitment is realistic; afternoon is less certain

3. Race Day Event Overview

Schedule (planned):

Time	Activity
4:00 AM	BHC team arrives; setup begins
5:30 AM	Vendors begin setting up (10x10 tents, self-provided)
6:00 AM	Traffic control arrives; sound/stage setup
7:00 AM	Ontario Street closes; route preparation begins
7:00 AM	Red Bull truck with DJ begins playing at start/finish line
8:00 AM	Race starts (5K chip-timed + Kids 1K Fun Run)
~9:15 AM	Race finishes; awards stage begins
9:15–9:45 AM	Presentations: town councillors, award categories, sponsors
10:00 AM	Live music begins (bands on main stage)
10:00 AM–3:00 PM	Festival: vendors, beer garden, kids section, music
3:00 PM	Event wraps; vendors begin teardown

Venue layout (planned):

- Up to **70 vendor booths** (10x10, vendor-supplied tents)
- **Kids section** (east end of park): jumping castles, face painting, clowns, mascots
- **Beer garden** (west end, near stage)
- **Stage:** existing covered structure near the bathrooms (same as Thursday evening concerts)
- **Physio tent:** recovery/stretching support for runners

Entertainment:

- **Red Bull** — meeting held, to be confirmed — branded truck with DJ at start/finish line (7 AM – 10 AM)
- **Live bands** to follow on main stage (no lineup confirmed yet; Greg has some Thursday-night artist contacts)
- Jeremy Sims offered to suggest musicians who have performed at Oakville Dads events

Rain policy: Stage structure is covered (slanted roof); event proceeds rain or shine, consistent with Bronte Thursday summer concert series.

4. Marketing & Sponsorship

Current confirmed sponsors:

- CIBC — Founding Sponsor (\$5,000)
- ON Running — Official Shoe Sponsor
- Natrilyte — Official Hydration / Water Station Sponsor
- Awards Sponsor — confirmed (name not stated in meeting)

Title sponsor: Not yet secured; actively pursuing

Sponsorship outreach in progress (Brent Stevens):

- **Cogeco** — package submitted, awaiting response
- **National Bank** — package submitted, awaiting response

Beer garden / brewery sponsorship:

- **Cameron's Brewing** is the top target — Andrew Rymes has a strong personal contact (Clint Israel); Per is 90% done drafting the outreach email
- **Cowbell Brewing** — secondary option (Oakville head office tie-in; Goderich brewery)
- **Nickelbrook** also mentioned as a potential brewery partner

Media & community outreach (Greg):

- BIA (Bronte Business Improvement Area) newsletter — article in progress about the race and charity partnership
- Conference appearance — Greg and team will have a table at an upcoming conference (~1,000 attendees); tickets will be sold on-site
- Podcast — Greg and Charles Sathmary confirmed as guests; content will be repurposed for social media and marketing
- Media targets: TV Halton, Oakville News (both written and visual coverage)
- Primal Athletics (Anna) — confirmed as onboard
- Running groups: Jamie's Traveling Circus confirmed; others being pursued

Tim Hortons (coffee): Coffee truck being organized for race day — to be confirmed.

5. Content Calendar & Social Media

- Greg confirmed he will share the **100-day content calendar** with the Oakville Dads team after the meeting
- Both organizations will coordinate posts to amplify reach on both channels
- **Instagram collaboration feature:** Brent recommended tagging Oakville Dads as a collaborator on BHC Instagram posts so they appear on both accounts automatically — Greg will incorporate this into the content calendar
- Jeremy confirmed Oakville Dads has a newsletter of ~300-400 subscribers; will do a push for race registrations and volunteers **after the Easter food drive deadline**
- Jeremy noted the OakvilleDads.com website is out of date and will be updated

Summary

This was a productive first formal progress meeting between the BHC race team and Oakville Dads. Key priorities for the next 30 days are: completing the OCF banking setup so donations can flow, getting the sponsorship package in front of Cameron's Brewing, and finalizing the volunteer commitment structure. Marketing enters its most critical phase — the 100-day content calendar will be shared with Oakville Dads, and both organizations will coordinate social posts. Full event programming details (vendor layout, beer garden vendor, music lineup) will continue to be developed over the next 4–6 weeks.
